## **ETC Sponsors and Participates in Numerous Community Events**

ETC employees care about and support many events in the communities we serve. Nearly everyone here at ETC is actively involved with the community in some fashion - coaching of youth sport teams, held offices in town and county organizations, volunteer fireman, school board members, festival committee members, scholarship presenters, golf sponsors, and the list goes on.

And we are proud to announce our support for the upcoming fall and winter events:

- WRBI Reality Check at JCD High School - Oct 6th
- Greensburg Chamber Business Expo - Oct 15th
- Batesville Holiday Parade - Nov 19th
- Greensburg Holiday Parade - Nov 25th
- Sunman Holiday Parade - Dec 3rd

We hope to see you there!

## **ETC Partners With Four Local Restaurants to Bring Public Hotspots**

Enhanced Telecommunications Corporation has partnered with four local restaurants enabling them to provide high speed wireless Internet service to customers while they dine. Sunnyside Café, in Greensburg; and Cookie Jar Café, Sherman House, and Lil' Charlie's Steak & Grill in Batesville, are now "hotspots". A hotspot is a public location that offers wireless high speed Internet access to customers with enabled laptop computers and PDAs (personal digital assistant). Sunnyside Café, Cookie Jar Café, Sherman House and Lil' Charlie's Steak & Grill are offering this service to their customers free of charge.

Consumers will benefit from having full functionality of the Internet via a high speed connection. Users can check email, transfer files, conduct online research, and surf the Internet while they dine. Businessmen and women can conduct business while away from their office. "These local restaurants are a great venue for bringing the latest ETC Internet technology to our local communities," stated Tim Miles, ETC Executive Vice President of Batesville and Greensburg.

Stop by any of these four locations to enjoy good food and free high speed Internet access.

## **New Digital IP Video Product Update**

ETC's Digital IP Video product is coming. Soon you'll have the enjoyment of:

- DVR - Stop! Record! Pause! Rewind Live TV!**
- HDTV - Crystal clear pictures with surround sound volume.**
- VOD - Video/Movies on Demand**

...all right in the comfort of your own home! So be on the lookout for ETC's Digital IP Video and let us "Improve Your Television Experience".

*ETC's new video product's first launch is scheduled tentatively for Oct/Nov. Digital IP Video will be launched in various phases in order to reach our customer base. As the service becomes available in your area, you will be notified.*

**Residential DSL/High Speed Internet as low as \$24.95!**

Call your local office to see if you qualify. Stipulations apply.
